Sir,

With reference to your No. $\frac{304}{200}$
dated the $\frac{29^{th}}{30^{th}}$ ultimo regarding the question of
the appointment of a Toly to the village of
Ramaganaparthi in the Chickballapur Taluk
I have the honor to give below in juxtaposition
the queries of the Chief Secretary and answers
thereto.

Query (1)

Answer.

The area and
assessment of cultivable
lands in the village

(1) 96 Acres and 31 Goontas bearing
an assessment of Rs 241-2-2

Query (2)

The area and assessment
of lands at present under
occupation.

60 Acres 37 Goontas bearing an
assessment of Rs 186-12-2.

(3) With what
Government village
has

The village is a separate Survey
Manji but forms together with the
Purnasagara

Ramaganpuri been amalgamated
as directed in Proceedings No.
1084-5 dated 12th May 1885?

53

Here and Belegire,
each of them a
separate Mouji, one
Shanboque charge.
They are also under one
Patel.

(4) Are the services of a
separate Toty actually
required for the Beechirakh
village?

A separate Toty is
necessary. When the
village was on Jodi
tenure, the Jodidar had
given to a Toty wet
land assessed at Rs 10
and dry land assessed
at Rs 5 as Inam. Since
the resumption of the
village, these lands have
been fully assessed and
are in the possession of
the former Toty. It is
proposed that these lands
may be confirmed,
as Inam subject only
to the payment of Local
and Irrigation cess,
the latter in the case of
wet land.

(5) Are there any other
village officers who enjoy
emoluments in land or
money, attached to the Bee-
chirakh village?

No. The Patel gets a
Potgi in Cash of Rs 12-12-6
and the Shanboque of
Rs 14-3-6.

separate Toty is
considered necessary,
Toty should be not be
remunerated in kind
by the Ryots who are
benefited by his services,
in accordance with
proceedings No. $\frac{3335}{62}$ of
1st August 1878?

The Toty can only get about
200 seers of grain even if all the
land in occupation be cultivated.
This will not attract a man to
undertake the service. there is
however no guarantee that all the
occupied land will be cultivated &
and the grain remuneration may
fluctuate with the area under
cultivation.

- (2) On the whole therefore it is desirable to
have a separate Toty and give him the
Inam land in addition to the grain remuneration. The Amildar's original report on
the subject together with the file of correspondence forwarded with your communication
is enclosed.

I have &c.
